

REMARKS

Claims 5-12 remain in this case, claims 1-4 being cancelled and claims 5-12 being added by this amendment. No new matter is added by this amendment, the claims being amended to conform with U.S. practice and to eliminate multiple dependencies.

CONCLUSION

Applicant believes the claims, as amended, are patentable over the prior art, and that this case is now in condition for allowance of all claims therein. Such action is thus respectfully requested. If the Examiner disagrees, or believes for any other reason that direct contact with Applicants' attorney would advance the prosecution of the case to finality, he is invited to telephone the undersigned at the number given below.
